TRACKS

Primarily focused on

Ten years of shipping, settled into three tracks that sharpen each other every day.

Product Design

10+ YEARS

Most aspects of design and business, end-to-end, while shipping a product.

BY THE NUMBERS

Ten years, by the numbers.

Products shipped, teams joined, systems maintained — the decade counted rather than described.

AI TOOLS

AI is part of how I design & build, every day.

Not a novelty — a daily practice. These are the tools I reach for to move from a rough idea to a shipped, working product.
